Dear Tom, I know you are way covered up with Malibu goings on right now but just wanted to let you know that Kathleen asked if we could set up a quick chat with you and her next week re Exide.

We briefed her today on the Arvin situation and in the last few minutes circled back on the meeting we had earlier this week with DTSC. Since then, Kathleen's received a call from Grant Cope at CalEPA and wants to get back to him. Steven, as we discussed, we also need to close the loop with Angelo Bellomo.

I would say if your schedule is too tight w/ all the Malibu stuff you may just want to send Kathleen a quick note re the status of any involvement your office may be having with regard to the permit issue plus your observations on how you think DTSC is doing on that front. That way Kathleen can have the benefit of your perspective when she talks with Grant.

Thanks.
